### Narrative

This report is intended for use in clinical monitoring and management of patients. It is not intended for use in employment-related drug testing. This test was developed and its performance characteristics determined by the Core Laboratories of the McLendon Clinical Laboratories, UNC HealthCare. This test has not been cleared or approved by the FDA. The laboratory is regulated under CAP and CLIA as qualified to perform high-complexity testing. This test is to be used for clinical purposes and should not be regarded as investigational or for research. Results should be interpreted in context with other laboratory and clinical data.

Specimen Collected: 03/19/18 09:01
